

**École Dr. Brosseau Middle School** named Apple Distinguished School

Bonnyville, Alberta- June 1, 2015 – École Dr. Brosseau Middle School is pleased to announce that we have been recognized as an Apple Distinguished School for 2015-2017 for our successful one-to-one implementation of iPads and MacBooks in a middle school environment.

With this implementation of the one-to-one learning environment we are able to provide our students various opportunities to access and acquire information and knowledge. We are also able to allow our students to show us how they learn best and we are able to tap into our student's interests, challenge them appropriately, and motivate them to learn.

The Apple Distinguished School designation is reserved for programs that meet criteria for innovation, leadership, and educational excellence, and demonstrate Apple's vision of exemplary learning environments.

"We are honoured to have been given the opportunity to apply and then be recognized as an Apple Distinguished School," stated Vince Spila, École Dr. Brosseau Middle School Principal.

The selection of École Dr. Brosseau Middle School as an Apple Distinguished School highlights our success as an innovative and compelling learning environment that engages students and provides tangible evidence of academic accomplishment. Learning technology and Apple tools like the iPad, has afforded our students an opportunity to make authentic connections beyond the classroom, to the real world... connecting home, school, and community at large.

École Dr. Brosseau Middle School is located in Bonnyville, Alberta and offers a grade 5 – 8 dual track program (English and French Immersion). Our mission is to ensure that our students are provided with opportunities each day to be challenged academically. Our students will develop skills to make morally intelligent decisions in a Christ filled atmosphere where children feel safe, cared for, and accepted.
